9. Floor Joists: Span _____ Span _____ Span _____
Size _____ Size _____ Size _____
Type of Lumber _____ Type _____ Type _____
Grade _____ Grade _____ Grade _____
Spacing O. C. _____ O.C. _____ O.C. _____
10. Sub-Flooring: _____
11. Indicate on drawing all door and window sizes and locations.
12. If a garage, is it attached _____ or detached _____?
13. Indicate headers to be used. (Span, Size, Type and Grade of Lumber)

14. Wall Framing – indicate height, size, type and grade lumber, and spacing:

15. Interior Wall Covering: _____
Exterior Wall Covering: _____
16. Ceiling Joists: Span _____ Span _____ Span _____
Size _____ Size _____ Size _____
Type of Lumber _____ Type _____ Type _____
Grade _____ Grade _____ Grade _____
Spacing O. C. _____ O.C. _____ O.C. _____
Trough size _____ Trough _____ Trough _____
17. Ceiling Covering: _____
18. Will designed trusses be used: Yes / No
19. Rafters: Span _____ Span _____ Span _____
Size _____ Size _____ Size _____
Type of Lumber _____ Type _____ Type _____
Grade _____ Grade _____ Grade _____
Spacing O. C. _____ O.C. _____ O.C. _____
20. Roof Covering Materials: _____

21. Will a fireplace of some sort be installed? Yes / No If so, what type? _____

22. Other Information that can be provided: _____

**STATE OF TENNESSEE
COUNTY OF WEAKLEY**

AFFIDAVIT OF EXEMPTION

RE: Application for Building Permit from City of Martin
Applicant: _____
Date of application: _____

The undersigned applicant or authorized representative of the applicant, being duly sworn according to law, states that the applicant is not required by Title 50, Chapter 6, of *Tennessee Code Annotated*, to obtain Workers' Compensation insurance coverage.

BY: _____

TITLE: _____

Subscribed and sworn to before me, this _____ day of _____, _____

Notary Public

My Commission expires:

BEFORE SIGNING THIS STATEMENT: IF YOU DO NOT UNDERSTAND YOUR RIGHTS AND OBLIGATIONS UNDER THE TENNESSEE WORKER'S COMPENSATION ACT, YOU SHOULD, CONTACT THE TENNESSEE DEPARTMENT OF LABOR, WORKERS' COMPENSATION DIVISION, NASHVILLE, TENNESSEE. TELEPHONE (615) 741-2395.

INFORMATION ABOUT YOUR BUILDING PERMIT AND APPLICATION

1. Processing of your application normally takes only a couple of days but could take up to ten (10) days to complete for the extensive projects.
2. Building Permits are not transferable.
3. Building Permits are valid for six (6) months until the start of construction. If construction starts within that time frame, the permit will be valid for up to twelve (12) months from the construction start date. Excavation and site preparation is not considered part of construction and, therefore, may be done without a Building Permit.
4. Two copies of plans and specifications are required with your application. One copy will be returned to you upon approval with a stamp indicating the plans have been reviewed for compliance with the City's Zoning and Building Code Ordinances. The other copy will be kept on file in the Building Inspector's office for audit/reference purposes. A copy of approved plans and specifications must be at the construction site whenever work is in progress.
5. The plans and specifications you submit provide very important information. They should be drawn to some scale and show sufficient clarity and detail to determine what you want to build. Window and door sizes, joist, rafter, and header spans, size, type, and grade of lumber to be used, setbacks from property lines (front, side, and rear), footing size and depth, and locations of spot piers (if used) are all needed to determine structural integrity. All this information is needed to ensure a safe structure for occupancy and use by the owner and/or tenant and emergency personnel. As an example, windows have to be large enough and low enough in case of fire to allow a fireman wearing a breathing apparatus to get in and out.
6. Other items that should be included in the plans are locations of water, sewer, gas, electric, telephone, and cable lines to avoid placing the structure over them. Costly repairs can be avoided by not building over these lines.
7. A Certificate of Construction Completion will be issued upon request when all noted defects are corrected.
8. Please keep in mind that the City's interest is ensuring that you, the owner, have a safe structure to live in and/or use. And a safe structure for people to enter and exit in case of emergency.
9. As in everything you do, please be safety conscious in the construction of your building. **FOR ANY QUESTIONS YOU MAY HAVE, PLEASE CONTACT THE BUILDING OFFICIAL AT 587-3126 OR PUBLIC WORKS AT 587-4910.**

SPECIAL ATTENTION:

May 4, 2016

To Whom It May Concern:

Effective July 1, 2016, the City of Martin, being a franchise city, will require all contractors to order roll off dumpsters through Republic Services.

You may contact Republic services representatives at 731-599-3109 or 731-599-3110.
